

A Killers Coat Tale

Life is a dream for Jack an idyllic, easy-going existence in the beautiful North Devon coastal village of Clovelly miles away from the rat race. Foiling a plane hi-jack has given him minor celebrity status and cash to set up a small bed and breakfast business. Everything seems perfect until another heroic act during a trip to London leads to a baffling series of events which help to change the UK's political landscape. Jack, in London to meet up with reporter-friend Roger Conway, saves the life of a frail old gentleman at Edgware Road Tube Station. An invitation to the mans 90th birthday party follows where an astrologist warns Jack that he is entering a highly-dangerous period, full of bizarre and violent happenings. He begs him to take care. Jack is cynical but things immediately start to go wrong after a mix-up of coats at the end of the party. He picks up one belonging to local hoodlum Sang Lu, who works for a Russian international crook, based in London and he wants it back. Why? Because in its pocket are drugs and a tape incriminating a top Tory MP in the Russians criminal activities. To make matters worse there has been a direct swap of coats and Jacks has his name sewn into the lining. He can be traced. So a hair-raising chase is on. Jack, already traumatized by a sinister series of bewildering events, is determined that Conway, the man who handled his hijack story, writes this one too. After all its 1997 and a General Election is due! But first, Conway, Jack and his beautiful wife, Samantha, have to stay alive. Expect the unexpected in this tongue-in-cheek comedy-thriller, the sequel to Sun Trap.
