

Chat-Set (German Edition)

Social Network (in den Chats mit SN abgekürzt) der Unterschied zur Realität liegt vom Angesicht zu Angesicht, die Aura eines Menschen, sein Geruch, alles was man wahrnehmen muss, um jemanden wirklich beurteilen zu können. Und so unterschiedlich wird das Medium soziales Netzwerk genutzt: Die einen verbringen scheinbar ihr ganzes Leben darin, kriechen unter die Oberfläche des Rechners und transformieren sich komplett in ein virtuelles Leben, die anderen benutzen diese Plattform für Marketing- und Werbezwecke, wieder andere spielen den ganzen Tag Farmville und mullen einem die Pinnwand mit Herzen oder Kalendersprüchen voll, manche erfreuen ihre Friends gar mit Statusmeldungen wie habe gerade einen lauten Pups gelassen..oder so ähnlich. Neben den Professionellen sind aber die meisten User normale Menschen, denen Social Network ein wenig ein Stiegenhaustratschersatz geworden ist, die sich freuen, tatsächlich alte Schulkameraden wieder entdeckt zu haben und sogar neue Freundschaften schliessen. Die hier festgehaltenen Chats zeigen von all dem ein wenig. Lastereien, Flirts, Anmache, eine dreiste und traurige Lugengeschichte, vorallem aber lustige Spontandialoge von mehr oder weniger guten Freunden und sie sind echt, genau wie das pralle Leben.
