

Desmond

Desmond is a political novel about the French Revolution. It is Charlotte Smith's only epistolary work, and it is her most politically radical piece. Written in response to Edmund Burke's *Reflections on the Revolution in France*, Smith's *Desmond* fuses political discussion with romance, social satire and a suspenseful plot revolving around a liberal hero desperately in love with a woman who is married to a drunken anti-revolutionary. Whereas Burke represented the French Revolution as a sentimental drama, Smith draws out the parallel between political and domestic tyranny to show how the disenfranchisement of British women under eighteenth-century common law resembled the political tyranny of the French absolutist monarchy.
