

The Adventures of Augie March

[MP3CD audiobook format in vinyl case.]
[Read by Tom Parker - aka - Grover Gardner] Winner of the National Book Award This grand-scale heroic comedy tells the story of the exuberant young Augie, a poor Chicago boy growing up during the Depression. While his neighborhood friends all settle down into their various chosen professions, Augie, as particular as an aristocrat, demands a special destiny. He latches on to a wild succession of occupations, proudly rejecting each one as too limiting. It is not until he tangles with a glamorous perfectionist named Thea, a huntress with a trained eagle, that his independence is seriously threatened. Luckily, his nature, like the eagles, breaks down under the strain. He goes on to recruit himself to even more outlandish projects, but always ducks out in time to continue improvising his unconventional career. With a jaunty sense of humor embedded in a serious moral view, Bellows story both celebrates and satirizes the irrepressible American spirit.
